

TEN CENTS A WEEK

PUBLIC LIBRARY WILL OPEN TODAY

Will Have One of the Neatest
Public Libraries in State.

SEVERAL HUNDRED VOLUMES

Are Already in Hand, the Twentieth Century Club, Board of Control and Private Citizens Making Donations. List of Officers.

The Gainesville Public Library will open its doors today at 2 p. m. The library and reading-rooms are situated on West Liberty street, opposite the residence of C. A. Colelough, and are handsomely and cozily fitted up.

For the present the library will be open every afternoon from 2 o'clock to 5 o'clock. In addition to the fine library of standard and late fiction donated to the association by the Twentieth Century Club, the Board of Control of State Educational Institutes has recently turned over to the association the valuable historical and reference library loaned some years ago by the old Library Association to the East Florida Seminary, consisting in all of nearly 400 volumes.

The reading-room will be kept supplied with the best current literature, including all the American magazines and metropolitan dailies.

It is the intention of the association management to keep on hand the best and newest in popular fiction and books dealing with current questions of moment.

Membership in the Library Association costs only two dollars a year and entitles the holder to the privilege of the library and reading-rooms for the space of one year. Members may take books from the library and may keep a book ten days, Sundays not included.

Temporary membership for three months or less will be issued upon the payment of \$1.

During the past week quite a number of public-spirited citizens of Gainesville have made valuable donations to the library, among which may be mentioned: Hon. W. N. Sheats, set of Carlyle's works, 15 volumes; J. H. Trench, set of Shakespeare, 13 volumes; Mrs. George I. Doig, set of Marryat's works, 20 volumes; Mrs. Wilcox, set of Charles Read's works, 8 volumes; Mrs. Oscar Morris, "Six Thousand Years of History," 10 volumes; Mrs. C. A. Colelough, set of Bulwer's novels, 13 volumes.

It is to be hoped that our citizens, appreciating the great value to the city of a good public library, will in every way possible lend aid and encouragement to this laudable enterprise. Every citizen ought to take membership in the association. Two dollars is certainly a small price to pay for the privilege of the use for a year of such a library as is now in the reach of our people.

Donations of books, magazines, etc., will be thankfully received by the association.

The officers for the present year are as follows:

President, Tom F. McBeath; Vice-Presidents, Rev. T. P. Hay, Rev. S. B. Rogers and Mrs. W. B. Taylor; Secretary and Treasurer, Miss Gertrude Cushman; Chairman of Executive Committee, Mrs. C. A. Colelough; Chairman of Membership and Finance Committee, Miss Alice Nichols.

PARK DRAMATIC COMPANY.

Return Engagement of This Popular Company for Next Week.

The people of Gainesville will be glad to learn that the C. W. Park Dramatic Co., which is a general favorite here, will play a return engagement, beginning Monday evening, January 15th, with the production of "The American Girl."

This company plays under canvas, carrying a large, well-appointed tent with all the conveniences of a modern opera house. The tent is lighted with electricity and well heated, making it quite comfortable. The stage is large and the scenery of the most artistic and realistic character, with splendid mechanical effects.

The tent will be located at the same place as when the company was here in October, opposite the City Hall, East Main street, South.

As a repertoire company, handling standard plays, the Park Co. is the best ever seen in Gainesville.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Chamberlain's Cough Remedy Absolutely Harmless.

The fault of giving children medicine containing injurious substances is sometimes more disastrous than the disease from which they are suffering. Every mother should know that Chamberlain's Cough Remedy is perfectly safe for children to take. It contains nothing harmful and for coughs, colds and croup is unsurpassed. For sale by all druggists.

Automobiles To Be Used.

Washington, Jan. 10.—Postmaster General Cortelyou has approved a recommendation of Fourth Assistant De Graw for the use by rural carriers of automobiles in serving their routes. The postmaster general, however, expressly preserves the right to require rural carriers to discontinue the use of such vehicles prescribed by the regulations, if complaint is made of unsatisfactory service arising from the use of automobiles. Rural carriers are required to maintain a fixed schedule so that the boxes of their patrons may be served at or about the same time each day.

Imperfect Digestion

Meanless nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this. It gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

Secede from Panama.

New York, Jan. 10.—A cable dispatch to the Herald from Panama says that Captain Lovelace, of the Panama gunboat Oriole, Monday brought a letter to President Amador, written by Innanaquina, grand chief of the San Blas Indians on the lower Atlantic coast of Panama, announcing their accession from Panama and the renewal of their allegiance to Colombia. There are about 30,000 of these Indians along 110 miles of the most fertile part of the coast of Panama.

POLICE CAPTURE THREE MEN

Who Are Believed To Be Members of a Notorious Gang of Robbers.

Philadelphia, Jan. 10.—After an exciting chase of over five miles and lasting nearly two hours, policemen and a private watchman of Glenside, a suburb of Philadelphia, captured three men who are believed to be the postoffice and railway station robbers who have been operating along the Pennsylvania railroad. They are also suspected of being the men who shot Professor Loux at Souderton, ten days ago.

The prisoners gave their names as William J. Jones, of Cincinnati, and Harry Keebley and Frank Johnson, of this city. None of the trio is over 27 years of age. They were all armed with revolvers of large caliber.

The men were prowling about the Glenside station at an early hour when they were discovered by Sands and Hobbs, policemen. The intruders fled and the officers gave chase. One of the fugitives discharged his revolver as he ran, but the bullet went wild.

The officers cut through the country and headed off the robbers, who, taken by surprise, surrendered without resistance.

A Thousand Dollars' Worth of Good.

A. H. Thurnes, a well-known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me \$1,000 worth of good." J. W. McCollum & Co.

Senate Committee Will Investigate.

Washington, Jan. 10.—All matters relating to the Panama canal and the government of the canal zone and the management of the Panama railroad, will be investigated by the senate committee on inter-oceanic canals. This was decided today at the first meeting of the committee. The investigation will begin on Tuesday next, although there may be a special meeting in the interim to take up the nomination of canal commissioners.

Will Hold Annual Meeting.

Albany, N. Y., Jan. 9.—The student association of the Catholic university of America, will hold its twelfth annual meeting and banquet at the Ten Eyck in this city Monday, Feb. 19. Charles J. Bonaparte, secretary of the navy, and trustee of the university, will deliver an address at the banquet.

Negro Splits Wife's Head.

Chattanooga, Tenn., Jan. 10.—Jim Morris and his wife, negroes, quarreled Monday in a restaurant in this city, the trouble being about the possession of a pistol. Failing to get the weapon, Morris split the woman's head open with an ax and then made his escape. The affair took place on a crowded street.

How to Avoid Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop of Agnew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia, with good results in every case." J. W. McCollum & Co.

Through Train and Sleeping Car Service Between Jacksonville, Fla., and Augusta, Ga.

Effective January 10, 1906, the Atlantic Coast Line will inaugurate Pullman sleeping car service between Jacksonville, Fla., and Augusta, Ga. CATARRH FIRST A COLD THEN CATARRH THEN CONSUMPTION

A cold in the head is a common ailment, but it rarely ever stops there. It often grows stubborn and protracted, the mucous membranes, or inner lining of the body, become inflamed and secrete a filthy, unhealthy matter which is absorbed by the blood and soon produces that disgusting disease, Catarrh. Then follow the unpleasant symptoms of "hacking and spitting," ringing noises in the ears, headache, poor appetite, mucus dropping back into the throat, and a feeling of general debility. Every day the blood becomes more heavily loaded with these poisonous secretions, and if the trouble is allowed to run on, the lungs become diseased from the constant passage of poisoned blood through them, and then Catarrh terminates in the most dreaded and fatal of all diseases, Consumption. The only way to get rid of Catarrh permanently is to cleanse the blood, and S. S. S. is the ideal

remedy for this purpose. It soon clears the system of all impurities, purges the blood of all Catarrhal matter and poisons, and effectually checks the progress of this dangerous and far-reaching disease. S. S. S. keeps the blood in perfect order so that Catarrh cannot remain; and as this pure, healthy blood goes to every nook and corner of the body, the entire system is strengthened and invigorated, and the symptoms all pass away. CONTRACTORS WILL NOW GET TO WORK

As Soon as Material Can be Secured Men Will be Employed.

A CHANGE MADE IN ROOFING

Tiling Will be Used in Place of Shingles, as Originally Planned—Large Force to be Employed and Buildings to be Completed September 1st.

Prof. J. C. Kellum of Tallahassee, secretary of the Board of Control, arrived in the city Wednesday and will remain here for two or three days on a visit to friends.

Prof. Kellum attended the meeting of the Board of Control in Jacksonville last Monday. He states that a full board was present, with the exception of Nat Adams of White Springs, who was detained on account of business.

The usual routine business was transacted, the only deviation being an order changing the style of roof to be used on the University buildings, substituting tiling for shingles, as provided in the original contract.

Frank Richardson, representing the W. T. Hadlow Co., contractors, was present. He informed the board that work upon the buildings would begin immediately, as soon as necessary material could be delivered upon the ground. Some material has already arrived.

Mr. Richardson, who spent several days in this city last week, is expected to return today, when active preparations for prosecuting the work will begin and the same will be pushed to completion as rapidly as possible. The buildings must be completed by September 1st of the present year, as specified in the contract.

CHARITY ASSOCIATION.

Good Crowd Present at Tuesday's Meeting—Election of Officers.

The meeting of the Charity Association at the First Baptist Church Tuesday evening was well attended, and a great deal of interest was manifested in the matter of charity work in the city. It was encouraging to learn that, considering the population of the city, there is very little charity work to be performed here, although there is sufficient to keep the association busy.

The following officers were elected for the ensuing year: Rev. Thos. P. Hay, president; C. Matheson, treasurer; F. Prescott Bullock, secretary; Rev. S. B. Rogers, J. E. Wainwright and Marcus Endel, administrators; F. P. Bullock, Ferd Bayer and Mrs. J. W. Cench, executive board; W. B. Higdon, Mrs. S. J. Thomas, Mrs. W. B. Taylor and Mrs. J. E. Fitch, membership committee.

ARRESTED FOUR.

Deputy Sheriff Granger Brings in a Quartet of Assaulters.

Charles Bennett, Frank Jones, G. L. Bryant and Ott Terry were arrested yesterday by Deputy Sheriff Granger, all white, charged with making an assault on G. O. Middleton, colored, and marched up to Justice Colman's court.

The four waived examination before Justice Colman and were bound over to the circuit court for trial, each one being released on a \$300 bond for his appearance. Deputy Granger is doing some very clever work as an officer of the law and he is deserving of credit for his efficiency.

Mr. Adams Improving.

A letter from Wm. Adams, Windsor, to a friend in this city, states that his condition is slowly improving and that he expects to be enabled to visit Gainesville in a few days.

It will be remembered that Mr. Adams was run down in this city by a bicycle a few days ago, sustaining injuries which prevented him from returning home, and he remained here with a friend for two or three days.

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, Cal. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by all druggists.

Lumber Prices Increased.

Hancock, Mich., Jan. 10.—The Northwestern Lumber association has decided on another increase in the price of hemlock lumber. The rise will vary from 50 cents to \$1.50 per 1,000 feet. It is said the demand for hemlock during the recent weeks has been unprecedented.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all druggists.

COTTON MOVEMENT HAS BEEN HEAVY

Dutton & Co. Shipped Forty-Five Carloads in Two Weeks.

HAVE HAD SUCCESSFUL YEAR

The Firm Has Handled in the Neighborhood of 8,000 Bales, and Will Ship More Before Season Closes Alliance Cotton Being Sold.

Dutton & Co. have kept the cotton movement lively in this section for the past two weeks, having shipped within that period about 1,500 bales, or forty-five solid carloads. All shipments were made to Eastern markets.

Dutton & Co. have enjoyed a good season, notwithstanding the fact that the crop has been considered short, having handled in the neighborhood of 8,000 bales so far this season. The firm has on hand at present about four hundred bales, with about twenty-five bales yet to be ginned. W. G. Robinson said yesterday:

"The growers and merchants are getting rid of their cotton as rapidly as the buyers can sample and ship it. From present indications it looks now that the supply will have been exhausted within the next two or three weeks.

"The Alliance Association are clearing their holdings rapidly, but prices are from one to one and one-half cents off the highest prices during the season. Prices today are ranging from 14 1/2 to 17 cents, according to grade. Extra fancy is selling readily at 17 cents."

PROF. POUND IS GLAD.

Says There is No Finer Place For University in Florida.

Prof. Jerre M. Pound, former superintendent of East Florida Seminary, but more recently holding a professorship in Barnesville, Ga., has accepted the responsible position of president of the Georgia Normal and Industrial College at Milledgeville, one of the best educational institutions in the Empire State of the South.

In remitting for his subscription to The Sun, Prof. Pound concludes his letter as follows:

"I am extremely glad to know that the Supreme Court has held the Buckman bill constitutional, and that the decision fixes the University at Gainesville. There is no finer place than Gainesville for the seat of such an institution, and I trust it will prosper greatly. Success to Gainesville and the University."

Pittsburg Miners Convene.

Pittsburg, Pa., Jan. 10.—The annual convention of the Pittsburg district of the United Mine Workers of America, opened here today with 200 delegates in attendance. The sessions will continue until Saturday. It is understood the most important feature of the convention will be the fixing of a provisional wage scale, which will later be presented to the national convention. It is also said the delegates will ask for an advance, but they decline to say how much.

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Porterville, Mich. "They are easy to take and always give satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by all druggists.

BROOKS SHOT BY PARKS.

The Citizens of Molena Have Difficulty Over Negro.

Zelma, Ga., Jan. 10.—W. H. Brooks, a negro, shot and killed James Parks, a white man, at Molena, Ga., Jan. 10.

The man was about a negro living on the place who owed Brooks \$250. Brooks was called by the name of the negro but has not returned. Brooks, of Concord, was called to see the wounded man and expressed the opinion that he cannot live through the night. It is said that Parks ran and made his escape after emptying his pistol, Brooks shooting at him as he ran.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by all druggists. Trial bottles free.

Deserted Engine Almost Causes Wreck

Raleigh, N. C., Jan. 10.—Sunday morning an incoming Seaboard Air Line train discovered a deserted engine of the Southern railway standing on the main line, which paralleled the Seaboard, 4 miles from Raleigh. A switch lock on the yard track had been broken, the engine stolen and carried nearly 5 miles from Raleigh and then abandoned. It was found just in time to prevent a collision with an incoming Southern train, which was the evident purpose of the thieves.

Rev. Carlisle P. B. Martin, L. L. D.,

Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dislodge, but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." Sold by W. M. Johnson.

Contest Has Begun.

New York, Jan. 10.—A contest over the ownership of Florida A. Palmer, for many years of the Broadway bank has begun in the supreme court. In his will Mr. Palmer left about \$100,000 to his wife and children, and the remainder of his fortune to his children and grandchildren. The contest is between Florida A. Palmer and his children. The beneficiaries are the Elton Jones, North Carolina, and the Florida A. Palmer fund, \$100,000.

Sickening, Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine, of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after effects. E. S. Munday of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice till he took Electric Bitters, which saved his life." At all drug stores. Price 50c, guaranteed.

Man Took Poison

Chicago, Jan. 10.—A man, sitting beside the fire, in a rooming house, took poison, and died. The man was named John J. Smith, and was a native of Ireland. He was 40 years of age, and had been in the city for some time. He was found by the landlady, who called a doctor, who pronounced him dead. The police are investigating the case.

The Original.

Foley & Company, Chicago, original of honey and tar as a throat and lung remedy and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the purpose. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Preferred Death to Trial.

New York, Jan. 10.—C. C. Meir of San Francisco, a prisoner on the steamer Carmichael, shot and killed himself in his cabin just as the big liner was entering New York harbor. Meir was charged with embezzling \$200,000 from a San Francisco wine merchant, and was returning from London to answer the charge. He did not contest the application for his extradition.

Schooner Goes Ashore.

Cape Henry, Va., Jan. 10.—The schooner Fannie Palmer went ashore three-quarters of a mile north of Little Island life-saving station at 4 o'clock this morning. The vessel is lying near the beach and pounding heavily. One man was landed in a breeches buoy with a message to the owner. Others of the crew refused to land.

Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and best remedy for coughs, colds I have ever used." Sold by W. M. Johnson.

SUICIDED TO ESCAPE INSANITY.

Dr. Stegar Graduate of Vanderbilt Kills Self in New York.

New York, Jan. 10.—Dr. R. W. Stegar, said to be a graduate of Vanderbilt university and Columbia university, and of a family prominent in Nashville, Tenn., attempted to commit suicide at Auburn hotel, Broadway and Thirty-ninth street, some time Sunday night by taking a mixture of chloroform and morphine. He was removed to Bellevue hospital, where physicians say he cannot recover.

Dr. Stegar took the poison after leaving a note saying that he had suffered from suicidal and homicidal mania for years, and that he could not bear the suffering longer. He willed his body to the college of physicians and surgeons, Columbia university.

Mother and Five Children Burned.
Lewistown, Pa., Jan. 9.—Information has reached here that Isaac Taylor, his daughter, Mrs. Peter Martin, and her five children were burned to death at their home in Pleasant View, Juniata county.

Williams Shot by Chambley.
West Point, Ga., Jan. 10.—Cleve Williams was shot three times by John Chambley Saturday afternoon near Deulah, Ala. Young Chambley was driving through a strip of woods, near Williams' home, it is said, when he was hailed and pulled from the wagon by young Williams. Chambley pulled his pistol and shot Williams three times while down on his back. Chambley went to Lafayette, Ala., and gave up to the sheriff. There is not any chance for the recovery of Young Williams, it is reported.

One Killed, Three Injured.
Birmingham, Ala., Jan. 10.—John Hobbs was killed and Dan Amrein and J. Phillips are in a hospital here dangerously injured as the result of a collision between two handcars near Ashland, Ala. Phillips was running the rear car, which smashed into the car in front on a trestle on the Louisville and Nashville railroad. Hobbs was instantly killed. Amrein had both legs cut off and was badly injured about the head. Phillips was seriously hurt about the hands, head and the shoulders.

Used Poison and Revolver.
New Haven, Conn., Jan. 10.—Suicide by means of both bullet and poison is the explanation given by Coroner Eli Mix of the death of Charles A. Edwards, of New York city, at the Abigail Miller homestead here on Tuesday night last. This finding is contained in a preliminary report to State attorney Williams and is based in part on the discovery of morphine in the body of Mr. Edwards by Medical Examiner Bartlett and the surgeons who performed the autopsy.

Cured Lumbago.
A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another, then different ointments and liniments, gave it up altogether. So I tried once more and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of sufferers." Sold by W. M. A GRISLY SIGHT.

Slaughter of the Baby Seals on the Glistening Ice Floes.

Never shall a man who has once watched the slaughter of a fur seal herd forget the ghastly sight. From the deck of the blunt nosed sealing steamer you can count thousands upon thousands of seal families stretched out on the glistening ice floes, the dark mottled bodies of the adults standing out in high relief against the blue whiteness of their floating homes, while the snow white fur of the baby seal blends almost imperceptibly into the background. Out from the ship, hurrying over the ice, rush nearly 200 men of the crew, each armed with an iron tipped club. From near and far go up the agonized cries of the terrified seals. Flopping along over the ice, the adults rush frantically for the water, doing their best to hurry their young with them.

In most cases their way of escape is cut off by the sealers. With a blow of the iron bound club the skull of the seal pup is crushed, its blood staining the whiteness of the floe, while its parents are allowed to get away in safety.—Technical World Magazine.

No Time to Sort Her Mail.
"The ways of women are beyond the comprehension of mere man," said her companion as after purchasing her stamps at the general postoffice she carried her mail to the nearest post box. "Will you kindly explain why you did that?"

"Simply because I hadn't time to sort my mail into Letters, Newspapers and Packages, Foreign, Domestic, New York City and a few dozen other subdivisions and then walk around that monstrous building to find the proper drops for the various articles," she replied. "It takes time, patience and ingenuity to post anything in the general postoffice, and I don't possess any of those things. Give me the plain, uncomplicated letter box for practical purposes."

And of course he remarked that that was just like a woman.—New York Press.

Stating Him Up.
"I believe I can truthfully say," remarked the self complacent man, "that I have only one fault, and that's a small one."
"Yes," replied the candid man. "That's just like the hole in a nickel. It may be a small hole, but it makes the nickel no good."—Philadelphia Press.

Submissive.
"What would you do, Henry," asked Mrs. Johnston, "if burglars got into the house?"

The Paddy Bird.
One of the best known of feathered creatures in India is the paddy bird. A traveler says of him: "The paddy bird is not afflicted with shyness. He is far too lazy to be disturbed by the approach of human beings. So confiding is he that the natives of India call him the blind heron. I once saw one of these birds standing motionless at the water's edge within ten feet of a grunting, perspiring washerman, who was dashing some clothes to pieces against a stone in a dirty duck pond. That is the way washing is done in India. Neither individual took the least notice of the other."

Trusts Versus Rings.
"What?" queried the fair maid, "is the difference between a trust and a ring?"
"I'm afraid I cannot explain the difference in so many words," replied the young man in the case, "but if you'll put your trust in me I'll blow myself for the ring tomorrow."
And she put her trust in him.—Chicago News.

Wesley's Mother.
The mother of John and Charles Wesley, the founders of Methodism, was one of the most remarkable characters of her own or any other age. From tender years the principles of religion and practical piety were instilled by her in the minds of her children. She daily took them into a private room and prayed with each, and so imbued their minds with the spirit of religion that the Methodist movement was really born in her home.

QUIT GRUMBLING.

Cease Worrying Over the Inevitable and Court Contentment.

How full the world is of grumblers! Many of the same people who seed in summer because it is warm seed the next winter because it is cold. There is no point between zero and the millions that suits them. Whether the gray clouds go down or show makes no matter. Neither is it a matter of rain. If the sky is clear, the sun is shining, the birds are singing, the flowers are blooming, the world is full of life and joy. If it is raining, the sun is hidden, the birds are silent, the flowers are withered, the world is full of gloom and despair. The grumbler is a miserable creature. He is a creature who is never satisfied. He is a creature who is always complaining. He is a creature who is always finding fault. He is a creature who is always grumbling. He is a creature who is always complaining. He is a creature who is always finding fault. He is a creature who is always grumbling.

Odd Plight of a Deer.

"Strange accidents will sometimes happen to deer," writes a Scotch hunter. "A hind in Cuthness came to some crofters' hut near the forest and was looking about to see if there was anything she could pick up when she found an old tin pail lying in some out of the way corner. In went her nose and down came the handle behind her ears. Then somehow the whole pail slipped down her neck, and there she was, caught. She was seen several times with her strange neckpiece, which prevented her from drinking or feeding properly. The chatter when she got under way was tremendous, and the other deer were frightened for miles. Several unsuccessful attempts were made on her life, but I never heard the sequel. Anyhow, she must have died soon from nervous prostration, coupled with the shock, or from some ladylike disease of that sort."

The Luxurious Romans.

The Romans had no flower shows. There were "magnas et circenses," but not bread and flowers. The luxurious Roman used roses in enormous quantities at his banquets. It was a fine joke to have roses fall from above on guests reclining at their tables and the flowers in such quantities as to smother them. A writer recalls a picture of Almatadema's "The Rose Feast of Elagabalus," which shows the superabundance of roses. To spend on a banquet in roses 100,000 sesterces, equivalent to about \$100,000, is recorded by Suetonius, but possibly Suetonius exaggerates.

Hereditary Names.

According to the invariable custom of the Duke of Richmond's family, it is prescribed that the eldest son and the eldest son of the eldest son shall be named after King Charles II., to whom they owe so much. The same principle is preserved in Lord Salisbury's family, where the eldest sons are named James, after James I., who bestowed the earldom of Salisbury and viscountcy of Cranborne on the second founder of the house.—London Graphic.

Surely Not.

Customer—Can't you wait upon me? I've been here for nearly an hour. Two bottles of beer, please. Butcher—Sorry, but there are three or four ahead of you. Surely you don't want your liver out of order?

POISONED ARROWS.

Their Use in Warfare Dates Back to Prehistoric Ages.

The use of poisoned arrows in primitive warfare is undoubtedly of very ancient origin. The custom is mentioned by Strabo, Pliny and Aristotle, all of whom agree that it was well known in both prehistoric Europe and Asia. In later times the Celts and Gauls enveloped their arrow and spear shafts with the juices of the loblolly, and the American and Australian savages with serpent venom and virus from decaying flesh.

The very earliest mention of the scythians refers to them as "a people who prepare arrow poison by mixing serpent venom with the virus of putrid blood serum." At the time of the discovery of America the Indians were as well skilled in the science of preparing arrow poison as the Scythians or any other early tribe of European or Asiatic peoples. The favorite mode as practiced by the American aborigines was to kill some wild animal, a deer or buffalo preferred, remove its liver and cause a heavily envenomed reptile to strike its fangs into it until the blood turned green with poison. If one serpent did not supply enough, others were obtained, and the work of enraging the creatures and causing them to strike the liver was kept up until the desired results were obtained. One large liver thus prepared would furnish poison enough to coat the shafts of 10,000 arrows. The Smithsonian institute has hundreds of these poisoned arrows, the microscope showing that most of them have been poisoned with rattlesnake venom.

A CITY OF MUD.

Peculiarities of Yezd, Its People and Its Houses.

"One of the most extraordinary cities in the world is Yezd, in central Persia," writes a traveler. "It is situated in the midst of a vast salt desert which stretches for hundreds of miles in all directions. The nearest inhabited place of any size is Isfahan, and that is 200 miles away. The inhabitants of Yezd have been away from Yezd during their lives number perhaps two or three score, and the bulk of these have not extended their travels farther than to Shiraz or Kirman in the one direction or to Isfahan in the other. Yet between 50,000 and 60,000 people make the place their home. For ninety-nine out of every hundred of these the great outside world has absolutely no existence at all.

Yezd is a city made almost entirely of mud. Not only are the houses built of this material, but the very furniture, the fire pans, the barrels for grain, the children's toys, the bread receptacles, even the beds, are simply mud molded into a rough form and dried in the sun.

"In the Yezd shops the goods, mostly mud, are displayed on tiers of mud ledges, and there is a mud room behind. The bakers' ovens are of mud, down to the very doors. Many of the Yezdis even eat mud and develop an unwholesome muddy complexion in consequence."

Curious, but True.

Although difficult to believe, it is nevertheless true that the death of two half sisters, the daughters of the same father, occurred 170 years apart. The grandfather of the British minister, Charles James Fox, Sir Stephen Fox, married in 1654 and had a daughter born to him in 1655 who died in the course of the same year. He had several other children who grew up and married, but all of them died before the father and without issue. Sir Stephen, not wishing his large fortune to fall into the hands of distant relatives, married again at a very advanced age, and his youngest daughter was born in 1727. She reached the age of ninety-eight years and died in 1825—that is, 170 years after the death of her oldest sister.

A Trivial Matter.

The first slice of goose had been cut, and the minister of the Zion church looked at it with as keen anticipation as was displayed in the faces around him.

"Dat's as fine a goose as I ever saw," Bradder Williams, he said to his host. "Where did you get such a fine one?" "Well, now, Mistah Rawley," said the carver of the goose, with a sudden access of dignity, "when you preach a special good sermon I never axes you where you got it. Seems to me dat's a trivial matter, anyway."

A Golden Opportunity.

"She is here at you a shoving set to day, razor, scissors and everything—such a bargain!" He said to his host. "I don't share myself." She said, "Well, can't you learn?" New York Press.

Fooled Her.

"Promise me, Jack, that you will not go to the dogs just because I have refused you?" "Oh, please, it's no use not." "You're both dead," said.

"That's the bread of nations, they are always finishing for it—Chatterbox."

The Epworth League Social will be held at the beautiful home of Mrs. J. B. Padgett this evening and a general invitation is extended to all. These socials are proving very enjoyable occasions and all who attend are assured of a pleasant evening.

The Cash Grocery Company has an advertisement in this issue in which some very low prices are quoted in staple and fancy goods. As the name indicates, this firm does a cash business, and since establishing the store here a year or two ago has worked up a large patronage. Read the ad.

Among the visitors to this city yesterday was H. C. Amason of Palatka, who made The Sun an agreeable call. Mr. Amason was en route to Lukins, Levy county, where he has accepted a position as foreman of the shingle department of the Tilghman Cypress Company. He has been with this company in the same capacity at the Palatka mill for several years.

READ THIS.

DYERSBURG, TENN., June 1, 1901.
Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: One bottle of your Texas Wonder, Hall's Great Discovery, has cured me of kidney trouble and lame back, and I can cheerfully recommend it.
Yours truly,
JACK MOORE, Merchant.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

EMERSON SELLS PROPERTY.

Valuable Forty-Acre Tract Near Kirkwood Changes Hands.

J. E. Emerson has sold to J. W. Chamberlain a valuable forty-acre tract of land near Kirkwood. The land is among the most desirable in the section in which it is located, being very fertile. It is partly in cultivation, while the other portion contains a four-acre orange grove and pasture.

Mr. Chamberlain's friends are congratulating him upon his new possession.

Will Build Fine Home.

C. W. Chase, who recently acquired valuable property on North University street, proposes to begin soon the erection of a fine residence. The property known as the Sheats house and the house formerly occupied by Solomon Warren have been removed to other locations, which cleared the premises upon which this residence will be erected.

Mr. Chase has a number of men employed in the erection of a fine, commodious barn in the rear of the property. This building will be 40x50 feet and is being built with especial view to the comfort of the horses, etc.

Will Transfer His Plant.

Capt. J. S. Neel, the phosphate miner of Wade, was among the business visitors to this city Tuesday. Captain Neel has been operating successfully at Wade for several years, but will soon remove his plant to a point two miles west of Newberry, where a rich deposit of high-grade phosphate has been secured. He has installed a sawmill and will cut the lumber to be used in the erection of the buildings. The mill cut the first board Monday.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

TWENTY PERSONS MEET HORRIBLE DEATH

Twelve Houses Are Completely
Wrecked In Landslide.

DEBRIS IS FOOD FOR FLAMES

Landslip Caused the Breaking of a
Water Main, and It Was Impossible
To Extinguish the Fire—Many Vic-
tims Under the Ruins.

Haverstraw, N. Y., Jan. 10.—Fire-
men reinforced by hundreds of volun-
teers were still working desperately
early today to subdue the flames which
were slowly but surely consuming the
bodies of at least 15 persons, who
with their homes, were carried to
death in a landslide shortly before mid-
night Monday.

There is little hope that the victims,
including men, women and children,
will ever be identified. The list of
missing constitute the only known vic-
tims of the landslide. In the east
end of town two blocks of houses are
supposed to have been undermined.

The catastrophe occurred without
warning, and while the victims were
asleep.

Seven house went down in the crash.
They had stood on the brink of a pit
a hundred feet deep, and when the clay
gave way, were carried to the pit's
bottom.

Those who were not killed were seri-
ously injured or burned to death in the
ruins, which immediately took fire.

The landslide broke the water main,
shutting off the supply of water and
greatly impeded the work of rescue.

Unrestrained, the flames spread to the
other buildings, and but for the timely
arrival of hundreds of volunteer fire-
fighters, might have wiped out the en-
tire town.

Those known to have perished are:
—Nelson, a furniture dealer.
Benjamin Nelson, his son.

Mrs. Silverman.
—Silverman, a boy.
A Jewish rabbi.

Mr. and Mrs. Cohen.
Five Cohen children.

The missing include Mrs. Bailey,
wife of the Mansion family, the entire
Lanny family, seven H brow laborers.

The landslide came gradually at first.
The ground, weakened by the rain and
snow of the last few days, has shown
crevices near the edge of the street
late in the afternoon, and if the even-
ing portions of the bank, where the
workmen had been digging clay for
brick, began to give away. The sec-
tion was not thickly populated, for
most of the former dwellers had left
on account of fear of just what hap-
pened.

When the final slide came, it came
so suddenly that those who had lingered
in their houses had absolutely no
opportunity to escape.

The bank caved 10 to 60 feet in at
the top and for a distance of two
blocks—Division to Jefferson streets
lengthwise. A portion of the south
side of Division street fell on those
who lived in three houses at the end of
the row and which did not go down in
the wreck.

There was a plunge, a shivering of
the earth all around, and then there
was a stillness. When the neighbors
rushed, half clad, from their houses
the buildings close to them had dis-
appeared. Only a gap in the cliff
side told the story. It was very dark
with no street lights, and those who
had been spared were so wild with
alarm for their own safety that it was
several minutes before any general
alarm was given.

Before this could be done the frame
structure of the fallen houses had tak-
en fire from the scattered coals and
lights in them, and soon the whole of
the flames rising above the side of the pit.

As crowds hurried to the scene, and
the fire department galloped up, a sec-
ond landslide occurred.

Several persons who had ventured
near the edge of the pit were nearly
carried over to death. It was neces-
sary to move the fire apparatus to in-
sure its safety and so uncertain was
the earth that the efforts to rescue were

greatly retarded. From below men
entered the pit, but could not get near
the wreck of the houses because of the
flames. The whole pit grew so hot
that those who sought to attack the
fire or rush in and if possible save
some who might have survived the
fall, could not approach the wreck.

Large forces of men who worked in
the brick yards by day were mustered
to aid in the work of rescue, but their
efforts were in vain.

All of the tenants of the houses still
standing were driven out as the struc-
tures are in momentary danger of fol-
lowing the others in the pit. These
frightened tenants were cared for by
neighbors.

A large force of men are working
desperately to uncover the ruins of
the houses carried down. Up to 11
o'clock there had been little success
owing to the great mass of clay to be
removed and to the fact that where
the houses had burned, the debris was
so hot that the work was very slow.

Latest estimates are that twenty or
more persons were killed by the land-
slide.

SANFORD AGAIN ON TRIAL.

Second Trial of Rome Man Is Now
In Progress.

Rome, Ga., Jan. 10.—The famous
case of V. T. Sanford, charged with
the murder of George Wright, ac-
cused of intimacy with Sanford's wife
last July, which has already resulted
in one trial, was called at ten min-
utes to 12 o'clock Monday morning by
Judge Moses Wright.

Mr. Sanford appeared very pale, but
was seemingly as confident as at any
time during his former trial.

The intense interest here seems un-
abated.

Mrs. Sanford is not here during this
trial, as she was during the former
trial, and that fact detracts somewhat
from the dramatic interest, but she is
said to be in close touch with her at-
torneys and may appear upon the
scene at any stage of the trial.

CONDEMNED NEGRO SHOT DEAD.

While Struggling with One Officer An-
other Kills Him.

Linden, Ala., Jan. 10.—Broker
Glass, a negro, under sentence to be
hanged here January 12, was shot and
instantly killed in the jail by Deputy
Sheriff Newton Grant.

Jailer John Glass had gone up to
the cell of the negro, and when he
opened the cell door the condemned
man sprang upon him and attempted
to take his weapon from him.

The negro was a powerful man and
Glass fired the pistol, his object being
to empty the weapon and render it
useless. The shots attracted Deputy
Grant's attention, and when he saw
the struggling men he fired at the ne-
gro, killing him instantly.

The negro was convicted for having
taken a pistol from a white man and
killing him with it.

Perished in Snowstorm.

Santa Fe, N. M., Jan. 10.—James
Yates, living near White Oaks, Lin-
coln county, a half-blind ranchman
perished in a snowstorm yesterday.
His body was discovered in a snow
drift 2 miles from his cabin. As a
pillow, he had used his hat and scarf
and his hands were folded on his
breast in an attitude of prayer. Chas.
Newton, a 13-year-old goat herder, also
perished in the snowstorm in the Sa-
cramento mountains.

Will Attend Miners' Convention.

Washington, Jan. 10.—President
Samuel Gompers, of the American
Federation of Labor, will leave shortly
to attend the National convention of
miners, which is scheduled to meet
at Indianapolis on Jan. 16. The con-
vention probably will last several
weeks. Both John Mitchell, president
of the Mine Workers of America, and
Mr. Gompers, are expected to make
addresses.

Bidding for French Plant.

Macon, Ga., Jan. 10.—The Macon
chamber of commerce is now bidding
for a large establishment producing
woolens, jennies and other fine fabrics.
The owner, live in France, and de-
sires to come to this country. Macon
has been favored thus far in the de-
voted efforts will be made to bring an
industry worth hundreds of thousands

COTTON MEN SHORT; TRYING TO BORROW

Jordan Sounds Note of Warning
to Holders.

LAST SPRING'S SCHEME EXPOSED

He Says Men and Buyers Have Evi-
dently Failed To Get the Price They
Want For the Feecy Staple in the
Open Markets.

Atlanta, Jan. 10.—Cotton buyers
and cotton mills who are short on cot-
ton are said to be again making an
effort to borrow cotton in order to se-
cure not only what they need but to bear
down the price by taking the staple
out of the hands of those who are hold-
ing it for the purpose of keeping the
price up and advancing it.

President Harvie Jordan, of the
Southern Cotton association, who
sounded the note of warning last spring
when this same thing was attempted
is again exposing the scheme.

Tuesday President Jordan said:

"Information is being received at the
headquarters of the association indicat-
ing that the same plans are now being
pursued by certain cotton buyers who
are short on their contracts, that were
tried last spring when the balance of
the unsold portion of the crop was be-
ing held for higher figures. I am
already in possession of letters from
certain firms addressed to spot holders
who have on hand from 50 to 100 or
more bales of cotton in which the fol-
lowing proposition is made: 'We are
willing to take your cotton at present
market prices and advance you 10c
per pound, with the further agreement
that you can demand settlement at any
time between now and the first of May,
taking advantage of any rise in the
market that may occur. This will re-
lieve you of storage, insurance and
heavy interests on borrowed money.
If you are willing to trade, please let
us know by return mail.'

Short on Deliveries.

"The gentlemen who are sending out
these enticing epistles are evidently
short on their spot deliveries for Janu-
ary and February. They evidently
cannot get what they want in the open
markets. They can easily hedge against
these transactions, it makes no differ-
ence which way the market goes. I
am also informed that some of the
mills are also trying to borrow cot-
ton in their neighborhoods on pretty
much the same kind of proposition.

"Spot holders are warned against
these ingenious devices. If the spot
cotton passes into the hands of
buyers and mills the strength of the
market will be wiped out. There is
but one sure policy for the spot holders
to pursue in the present fight they are
in, and that is to hold their cotton firm-
ly in their own possession until the
people who need and offer satisfac-
tory prices. We know now that the
crop is short and that the balance of
the unsold portion of this crop must
bring higher prices to offset the de-
pressed markets we had to suffer in
September and October. My advice
is not to listen at any proposals for
partial trades or propositions to bor-
row.

"Stand pat and demand the full
price. We are sure to win if we firm-
ly hold the small balance of the unsold
crop for 15 cents."

Morales Permitted to Leave.

Washington, Jan. 10.—The state de-
partment has advised from Santo Do-
mingo City to the effect that the gov-
ernment there was disposed to accept
the proposal of President Morales to
surrender his office and quit the repub-
lic if he were not arrested or tried on
the charge of treason. It is believed
Morales will be deported on one of
the warships now in Dominican waters
to ensure the observance of the terms
of his abdication.

Clay Working for Savannah.

Washington, Jan. 10.—Senator Clay
has introduced a bill authorizing
secretary of the treasury to have a
revenue cutter steamer constructed
for Savannah at a cost of not exceed-
ing \$200,000.

NORTH CAROLINA WON VICTORY

Armour Packing Company Must Pay
License to State.

Washington, Jan. 10.—In an opinion
by the chief justice of the supreme
court of the United States decided
the case of the Armour Packing com-
pany versus R. L. Lacey, treasurer of
North Carolina, in favor of the state.

This case grew out of an effort to
enforce the laws of the state of North
Carolina imposing a license tax on
every meat packing house doing busi-
ness in the state. The Armour com-
pany claimed it was not engaged in
doing a packing business in the state
as it did no slaughtering there, but the
law was upheld by the state supreme
court, and the decision was sustained.

The law was also attacked on the
ground that its enforcement was an
interference with interstate com-
merce; that it contravened the uni-
formity rule of the North Carolina con-
stitution and that it was contrary to
the federal constitution, but it was class
legislation, but the court accepted the
interpretation of the state supreme
court and sustained the law.

Justices Brown, White, Peckham and
McKenna dissented on the ground that
the Armour Packing company is not
engaged in doing a packing house busi-
ness in the state, but in selling meat

BOSTON LOSES BY FIRE.

Had \$100,000 Blaze in the Manufactur-
ing District.

Boston, Jan. 10.—A fire of treaten-
ing proportions broke out today in the
Wormwood warehouse in A street in
South Boston district. The fire in
No. 3 building, a part devoted to the
storage of cotton waste. It is in close
proximity to other warehouses and
manufacturing structures.

Within an hour after the outbreak
the firemen were confining the flames
in the single warehouse, and it was
thought that all danger of a further
spread was past. The Railway Sup-
ply and Manufacturing company had a
stock of about 3,000 shoddy wool and
waste in the burning building.

The loss is estimated at from \$75,000
to \$100,000, with partial insurance.

Schofield Adjudged Insane.

Macon, Ga., Jan. 10.—Hal T. Scho-
field has been declared insane by a
jury here. Exactly ten minutes after
the question was submitted to the 12
men for consideration a verdict was
banded in and Ordinary Wiley an-
nounced the results to a large number
of persons who waited with interest
for the outcome of the trial. For the
same reason that he was not held ac-
countable for the death of Green King,
who was shot to death in a bar room
at Vineville branch just before Christ-
mas, 1904, Schofield will be detained
in the state sanitarium, deprived of
the liberties of a free man, in spite
of the belief that he is sane, as was
advanced by a long list of witnesses
who have testified during the trial.

Two Found Guilty of Murder.

Pineville, Ky., Jan. 10.—A verdict
of murder of the killing of Henry
Love at Middlesboro last February
against Clarence Gray and Jesse Bull
has been announced, a jury having
reached an agreement Saturday night.
The sentence was fixed at life impris-
onment, the same penalty that was
meted out to William Young some time
ago. Three more men are yet to be
tried in connection with the same
crime.

Claims Forgery Committed.

Pittsburg, Jan. 10.—Concerning the
counterfeiting of stock certificates of
the Norfolk and Western railroad and
the report that 100 shares of the worth-
less stock, bearing the names of "Thos.
H. Harris" and "E. L. Green," and the
guarantee of Henry Sprout & Co., brok-
ers of this city, and come to the sur-
face in New York, Henry Sprout em-
phatically states that the signature of
his firm has been forged.

Printers On Strike.

Montreal, Jan. 10.—Seventy-five
union printers employed on the Ga-
zette newspaper are on strike today.
Trouble arose in the job office over
an apprentice and the newspaper staff
of machine men was called out in sym-
pathy. The Gazette proprietors have
declared their establishment an "open
shop," and announce that their paper
will be published as usual.

COASTS WERE SWEEPED BY SEVERE GALES

Wind Reached Velocity of 43

SCHOONER WAS DRIVEN ASHORE

Storm Too Severe to Send Wrecking
Steamer to the Scene—Life Savers
Are Engaged in Rescuing the Un-
fortunate Ship's Crew.

Norfolk, Va., Jan. 10.—The Virginia
and Carolina coasts were swept by se-
vere gales last night, the wind reach-
ing a velocity of 42 miles an hour at
Cape Hatteras and 40 miles an hour
at the Virginia capes.

A snow storm raged, and in the
midst of this the five-masted schooner
Fannie Palmer was blown 12 miles
south of Cape Henry and then driven
ashore.

According to telephonic reports from
Virginia beach today the life savers
were then engaged in rescuing Cap-
tain Nash and his men, of the Palmer.

Wrecking agents have proceeded
overland to inspect the vessel. The
storm is too severe outside to send a
wrecking steamer to the scene. The
Palmer is still pounding in a heavy
sea, with wind blowing 38 miles an
hour from the southwest. The tem-
perature here last night dropped 34
degrees.

The combined battleship and cruiser
squadrons were at anchor in Hampton
roads during last night's gale. They
rode the storm in safety and the Ala-
bama today weighed anchor and pro-
ceeded for the Norfolk navy yard fly-
ing the pennant of an admiral.

The North Atlantic fleet with the
exception of the battleship Kentucky
is now here, the battleships Maine,
Kearsarge, Illinois and Alabama, hav-
ing arrived last evening. The fleet
will in all probability sail Friday for
the winter maneuvers in southern wa-
ters, though the meeting may be de-
layed by recent accidents to the battle-
ship squadron.

Dallas Suffers by Flames.

Dallas, Tex., Jan. 10.—Fire this
morning partially destroyed the Kne-
psey building, a three-story brick struc-
ture located in the center of the busi-
ness district, entailing a loss of \$50,000
B. F. Nillipson, a clerk aged 20, an oc-
cupant of the third floor, was suffo-
cated by the flames. R. F. Hadley,
a printer, was fatally injured by jump-
ing from the third floor. J. B. Minor,
also a printer, was seriously injured by
jumping. The Gaston National bank
occupied the second floor and its fur-
nishings are almost a total loss. The
money vaults are uninjured.

Decide Against Chinese.

Cincinnati, Jan. 10.—The case of
Hong Wing against the United States,
involving the Chinese exclusion act,
was decided in favor of the United
States in the United States circuit
court of appeals in this city today, the
court holding that the act of April 7,
1904, continued the exclusion act in
full force, congress having full power
to do so. Hong Wing is one of six
Chinese men who had been ordered Je-
ported under the provisions of the Chi-
nese exclusion act, and the cases be-
ing identical, the one decision will ap-
ply to all six.

Will Make Exhibit.

Washington, Jan. 10.—At the nation-
al dairy show, to be held at Chicago
Feb. 15-24, there will be an exhibit of
milk and cream, under the direction
of the dairy division of the United
States department of agriculture. The
dairy division has secured space at
the show and proposes to call for ex-
hibits of unpasteurized milk and cream
free from preservatives.

Three Injured in Runaway Car.

Paris, Jan. 10.—A cable car of the
Rue de Belleville, descended an incline
at full speed today, the brakes not
working. The passengers jumped
from the car and fifteen were injured,
three of them dangerously.

MARY LAUGHLIN IS MISSING FROM HOME

Made Mysterious Disappearance
Friday of Last Week.

Was an Employee at Odd Fellows' Home, and Matron and Guests Are Anxious as to Her Safety—Description of the Young Lady.

From Tuesday's Daily Sun.

Miss Mary Laughlin, who has been for the past six weeks employed as a domestic at the Odd Fellows' Home, has disappeared and Miss Lee, the matron, as well as the guests, all of whom have manifested a great interest in her, are anxious regarding her whereabouts.

Miss Laughlin is about eighteen years of age, with golden, wavy hair, which falls gracefully about her shoulders, blue eyes, and a complexion so fair that an admirer of beauty could not help but notice it. She is about five feet two inches in height, of graceful form and weighs about one hundred and twenty pounds.

The young lady came to this city about six weeks ago and applied at the Odd Fellows' Home for employment, stating that she was from New Jersey. She was given a position as a domestic, and so well and systematically did she perform her duties that she became a favorite with her employer, who allowed her one afternoon each week from the Home. On Friday of last week she left on her usual outing, since which time no one connected with the Home has seen or heard of her.

Miss Laughlin did not take anything from her apartments, which shrouds her disappearance more deeply in mystery. She was apparently contented with her surroundings, and there was no reason why she should have left so strangely.

Miss Lee feels anxious for the safety of this young lady, and would appreciate any information tending to unravel the mystery of the case.

A SILVER WEDDING.

Mr. and Mrs. McMahan Were Surprised by Friends Monday Night.

As is the usual custom, parties twenty-five years married who desire expensive presents in silver, announce the event in advance and invite their friends to the anniversary feast. But it was different with Mr. and Mrs. E. C. McMahan, who have lived happily for a quarter of a century together, sharing each other's sorrows (if they had any) and joys. They realized that they were a long time married, but had not intended to make a great display of the occasion.

At any rate, friends of the couple became aware of the proper date and on Monday evening came in on the happy couple as a surprise. Mr. and Mrs. McMahan were surprised to see them, but were equal to the occasion, and in the usual hospitable manner bade them welcome.

The evening was passed in a most enjoyable manner and all present expressed themselves as being delighted with the occasion. Mr. and Mrs. McMahan were gratified at the kind remembrance of their friends, which they prize more dearly than anything else on earth.

Rev. Carlisle P. B. Martin, L. L. D.

Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dislodge, but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." Sold by W. M. Johnson.

HAD NOT WALKED FOR 11 MONTHS

Terrible Sore on Ankle Caused
Awful Suffering—Could Not Sleep
nor Rest—Physician Said Leg
Would Have to Be Amputated.

CURED BY CUTICURA IN SIX WEEKS

"I had a terrible sore on my ankle and had not walked any for eleven months. I tried nearly everything without any benefit and had a doctor, but he didn't seem to do any good. He said I would have to have my leg taken off, and that I would never walk again. I suffered awful and at night I could not sleep at all. I thought there was no rest for me, but as soon as I began to use Cuticura Soap and Ointment it commenced healing nicely. I bathed the ankle with warm water and Cuticura Soap and then applied Cuticura Ointment to the affected part, and laid a cloth over the sore to hold it in place. After two weeks I could walk around in my room real good, and in six weeks' time my ankle was entirely cured and I was walking around out of doors. I am enjoying perfect health and have gone to work and feel as well as I ever did in my life, so I know that the Cuticura Remedies are the best in the world.

"Cuticura was recommended to me by a lady who had used it when her baby's head was so full of sores he could not lie down. She had to set him up in her arms to sleep. (signed) Mrs. Mary Dickerson, Louisa, C. H. Va., April 22, 1905."

COMPLETE TREATMENT Consisting of Cuticura Soap Ointment and Pills

May now be had for one dollar. A single set is often sufficient to cure the most torturing, disfiguring, itching, burning, and scaly humors, eczemas, rashes, and irritations, with loss of hair, from infancy to age, when all other remedies and even the best physicians fail.

Cuticura Soap, Ointment, and Pills, are sold throughout the world. Cuticura Soap & Ointment, Boston, Mass. Prop. or Mailed Free, "Skin and Blood Purification."

DONNIE HAPPENINGS.

A Delightful New Year Party—Gins Stopped Running—Notes.

Donnie, January 8—A large number of young people were hospitably entertained at the home of Mr. and Mrs. W. J. Mathews recently. They all spent a very pleasant evening in playing parlor games and enjoying music that was simply grand. About 10 o'clock they were all invited to a table laden with all good things to eat, which everyone seemed to enjoy.

S. K. Dupuis, wife and children are visiting relatives, Mr. and Mrs. W. J. Mathews, here.

Prof. W. J. Tillman, after spending Xmas with his loved ones at Orange Heights, has returned to his school.

We can beat you on watermelons. On Xmas day S. G. Mathews had two as fine melons as anyone would care to taste. He also has a fine garden, and raises radishes that weigh 11 pounds.

J. G. Osteen is doing a fine business in the mercantile line.

Miss Mabel Hall and friend, Miss Trammell, have returned from Jacksonville. They spent Xmas week with Miss Mabel's brother.

Miss Bonnie Mikell, from South Florida, is now visiting in this section.

R. L. Tison stopped his guns yesterday. He has ginned several hundred bales of cotton.

Mrs. T. W. Colson has just returned from Hague, where she has been visiting her aunt, Mrs. Verd Polk.

WILL BUILD PAVEMENTS.

Five Blocks Will be Constructed on East Church Street Soon.

The enterprising property owners on Church street from West Main street, N. to Myrtle street, a distance of five blocks, have decided to lay a fine six-foot sidewalk along the south side of E. Church. The material to be used will be granolithic stone, a composition of sand and cement, which is said to be handsome and durable. Preparations for the laying of this pavement have begun, a force of workmen having been employed Monday, and the work will be pushed through as rapidly as possible. The cost will be \$125 per block.

Spoiled Her Beauty.

Harriet Howard, of W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum or eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at all drug stores.

WEBSTER HOME IS BUILDING.

The Pines Will be One of Finest Buildings in North Gainesville.

"The Pines," which is to be the name of the new home of Colonel and Mrs. L. L. Webster, North Gainesville, is now actually in course of erection. Workmen are employed on the foundation and as soon as this is completed the carpenters will begin active operations on the frame work.

Colonel Webster and his estimable family have for several years been residing in "Ingleside," directly opposite the new home. While "Ingleside" has been a most desirable place of residence, with the cozy cottage and running vines, the good Colonel and his wife decided on something nicer and together they made the plans of a new and modern structure, where they might live delightfully and entertain their friends in the same way. The result has been the plans and specifications of the new residence now building.

"We are coming along in years," good-naturedly remarked Colonel Webster (though he didn't mean it), "and we feel that we ought to be comfortable. We propose to erect a nice home in the pine grove, and we love the people of Gainesville so that we propose to 'live and die' there."

The house will contain seven rooms and a bath. It will be constructed with a view to comfort, and when completed nothing in this section will excel it in beauty of architecture and modern conveniences.

The work is being done under the supervision of Contractor C. E. Whiting, who has promised to complete the building within three months.

ODD FELLOWS' INSTALLATION.

New Officers of This Order Installed on Monday Evening.

At the meeting of Center Lodge No. 11, I. O. O. F., Monday evening, the following officers were installed for the ensuing year:

Louis C. Lynch, N. G.; Roy E. Huffman, V. G.; Joseph G. Torrey, secretary; Robt. McClellan, financial secretary; A. M. Cushman, treasurer; W. H. Lipscombe, warden; J. M. Rivers, conductor; S. B. Rogers, chaplain; C. F. Goodman, R. S. N. G.; R. J. Holby, L. S. N. G.; D. M. Tomkies, R. S. S.; L. B. Long, L. S. S.; G. W. Blake, I. G.; G. W. McDonald, O. G.

The officers were installed by Deputy Grand Master A. M. Cushman in a most impressive manner.

The meeting was largely attended and there was a great deal of interest manifested. Center Lodge is one of the most progressive in the Domain of Florida and has grown rapidly within the past two years.

The Florida city that erects the first cotton factory will not stop at one. Another is sure to follow and it is sure to be a boom to any city. The capitalists of Gainesville could make no better use of their money than to invest it in a cotton mill. There is plenty of cotton to supply a \$75,000 mill fifty-two weeks in the year, grown near Gainesville, and room for more.

CLARK BUSY.

Our Congressman, Hon. Frank Clark, is not idle while in Washington, and we are pleased to know that he is introducing some sensible measures, among them being the following:

A Bill to Provide for and Levy an Import Duty on Egyptian and Other Long-Staple Cotton Imported into the United States from Foreign Countries.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That on and after the first day of October, nineteen hundred and six, there shall be levied, collected and paid upon all Egyptian and other long-staple cotton imported into the United States from foreign countries, in the first, an import duty at the rate of ten cents per pound, and upon all Egyptian and other long-staple cotton imported into the United States from foreign countries, in second, an import duty at the rate of four cents per pound.

A Bill To Provide for the Construction of Public Highways Within the Different States and Making Appropriations Therefor.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of War shall have built and constructed in each and every State in the United States a good hard-surfaced highway of the best and most durable material that may be found within the limits of the particular state, full twenty feet wide and one hundred miles in length, to begin and end at such points as he may deem advisable, having in view the largest number of people to be served and the betterment of the commercial interests of the country.

Sec. 2. That for the purpose of carrying into effect the provisions of this Act the Secretary of War is hereby empowered and directed to detail such officers of the Engineer Corps of the United States Army as he may deem necessary to make all necessary surveys, draft plans and specifications and superintend the construction of such highways.

Sec. 3 That the Secretary of War shall have entire control of the construction of the highways herein mentioned and, in furtherance of the purpose of this Act, is hereby empowered and directed to employ such labor, skilled and unskilled, as may in his judgment be required; to purchase such material, tools and machinery as may be needed; to make such contracts and agreements as may be essential, and to do any and all things that may be necessary to accomplish the purpose of this Act as early a time as may be practicable. He shall at the beginning of each session of Congress make to the Congress a full and detailed statement covering the work done, the work in course of construction, the work in contemplation, and in addition shall make such suggestions looking to improving the methods of road building as he may consider advisable.

Sec. 4. That all moneys shall be paid out on the warrants of the Secretary of War under such rules and regulations as he may prescribe.

Sec. 5. That there is hereby appropriated, out of any money in the Treasury not otherwise appropriated, for the purpose of carrying out the provisions of this Act, the sum of five million dollars, the same to be available as needed in the judgment of the Secretary of War.

HIGH SALARIES.

It is not surprising that members of Congress and many other public officials are restless under the pay they get—although some are so fierce to get the places—when there are so many men of less ability, with apparently much less to do, and under lighter responsibilities, getting from three to twenty times as much. But the wrong is not in the smaller salaries but in the absolutely large ones. And they are unnecessary as well as absurd, and impose a cruel burden upon wealth producing industry, which in the ultimate pays all salaries. This high salary business has become an intolerable abuse in this country and one that obtains in no other country.

It is a burden that wears many pairs of shoulders that are unconscious of the cause of that "tired feeling" they suffer. A life insurance company changes presidents, gets one at \$50,000 a year in the place of one at \$150,000 and the new one abler than the old. And the present salary is too high and unnecessary. If only one such salary were being paid in the country it would be deemed an intol-

erable extortion, and the place could be better filled for \$25,000. A railroad manager at \$15,000 a year is made president of a life insurance company at \$20,000 a year—knowing nothing about the business—and thinks he is a philanthropist because he takes the job at 25 per cent less than his predecessor was paid. A manager in a steel mill was getting \$5,000 a year a few years ago, and thought himself in big luck; now he is getting \$100,000 as a steel trust official, and every buyer of steel in any form is compelled to contribute toward that extra \$95,000. It's an outrage and is developing socialism and its vice opposite, anarchy, faster than any other one thing.

RURAL ROUTES.

Do our people desire to have them continued? Are they of sufficient importance to cause us to do a little—a very little to help ourselves in this matter? These are important questions to us.

As a fact, Lake City is the headquarters of rural routes in Florida. Superintendent Britton is located here and makes his journeys out to other sections of the State.

But—The Postmaster-General, in his recent report to Congress, says: "The policy of the Department in the future contemplates the discontinuance of any route where it is not appreciated and the expenditure is unwarranted and the substitution of every other day service for daily service where the patronage is not sufficient to warrant daily service."

Among other things demanded are: 1. The requirement that roads be kept in good condition, unobstructed by gates, with all streams fordable at all seasons of the year.

2. That at least three-fourths of the patrons of the routes will provide approved rural mail boxes.

3. The patrons should at all times keep watch for trees falling across the roads and remove them without waiting for any road official to come and remove them; mudholes should receive prompt attention also and be fixed before the carrier can have a chance to complain.

These are important matters—small in themselves—but the suggestions should be kept in mind by those who desire a continuation of daily routes. Mr. Clark is doing all he can for us, but we must help ourselves—Lake City Index.

Yes; and if we have good roads we will get good people to live on the farms along these good roads, which will make a demand for more rural routes.

NEED HAVE NO FEAR.

Immigrants, no matter from what country they come, need have any fear in coming to Florida, and we imagine that the whole of the population of Germany, including Emperor William, would want to come here at once if they could behold one of our 50-acre patches of cabbage growing.

There is nothing to fear in Florida—hardly a light frost in January—and there is much to admire. No man, whether from Germany, Sweden or Norway, need have any fear in this State. The people here are glad to welcome actual settlers and there is a good opening for them in many parts of the State, where good lands can be purchased at a small price.

There is plenty of opportunities to get lands on easy terms, and if there are any who desire to locate a colony you can find the land in several counties where there are good railroad facilities, and the markets are good.

WE'VE QUIT.

Gainesville and Lake City papers are still arguing on the Buckman bill case, though the courts have decided it as constitutional. One thing seems to be pretty certain: Gainesville will get the University and all South Florida is proud of it.—Desoto County News.

The Sun has no desire to argue the matter and has stopped all controversy as far as possible. But when a man who claims to be possessed of ordinary intelligence asserts that the people are taxed "millions of dollars to support a University which their own children cannot enter," and that they have been robbed of every high school and college "in which the children of the poor could receive an education," it seems that such statements should be denied.

Our high schools are so that the course of study is just as high as was that of the small colleges which were abolished and a graduate from the common high schools are admitted to the University on their diplomas.

SALE OF BONDS.

Secretary W. W. Hampton of the Board of Public Works is advertising the utility bonds of the city for sale, and the sealed bids will be received up to and including Monday, February 5th, at 6 p. m. These bonds are of \$1,000 each and amount to \$25,000 with interest at 5 per cent.

An additional amount of \$5,000 may be sold at the same time, making the total of \$30,000, and by reference to the advertisement full information may be had regarding the sale.

The money securing from this bond issue will be used to improve the city, and it is certain that there will be much improvement going on the coming year.

Greene and Traynor are thoroughly disgusted with the loose manner in which international affairs are conducted, and they are now talking of having the United States Government indicted for persecution. If they had got a little more money in the bank they might make it stick.

The merchant marine subsidy has appeared in the Senate at Washington, and all that is asked for the ten years is \$10,000,000. With this paltry sum our merchant ships think they can manage to eke out a miserable existence, at least until the ten years are up.

At a session of the Marion county circuit court, held Monday, resolutions in memory of Gen. Robert Bullock, deceased, were adopted, and the members of the bar of that county paid high tribute to the honored dead.

The trial by court-martial of Midshipman Marzouki of Pensacola has been concluded, but the verdict will not be made public until it has received the approval of Admiral Sigsbee of the Naval Academy.

The freight by rail on the machinery to be used to dig the drainage canal for the Everglades is so high that there is talk of digging a canal all the way from Chicago to transport it to the scene of action.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

PROF. POUND IS GLAD.

Says There is No Finer Place For University in Florida.

Prof. Jerre M. Pound, former superintendent of East Florida Seminary, but more recently holding a professorship in Gainesville, Ga., has accepted the responsible position of president of the Georgia Normal and Industrial College at Milledgeville, one of the best educational institutions in the Empire State of the South.

In remitting for his subscription to The Sun, Prof. Pound concludes his letter as follows:

"I am extremely glad to know that the Supreme Court has held the Buckman bill constitutional, and that the decision fixes the University at Gainesville. There is no finer place than Gainesville for the seat of such an institution, and I trust it will prosper greatly. Success to Gainesville and the University."

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 5 OF CHAPTER 4321, LAWS OF FLORIDA.

Notice is hereby given that Mrs. M. C. Bailey, purchaser of Tax Certificate No. 40, dated the 10th day of November, A. PUBLIC LIBRARY WILL OPEN TODAY

Will Have One of the Neatest
Public Libraries in State.

SEVERAL HUNDRED VOLUMES

Are Already in Hand, the Twentieth Century Club, Board of Control and Private Citizens Making Donations. List of Officers.

The Gainesville Public Library will open its doors today at 2 p. m. The library and reading-rooms are situated on West Liberty street, opposite the residence of C. A. Coleclough, and are handsomely and cozily fitted up.

For the present the library will be open every afternoon from 2 o'clock to 5 o'clock. In addition to the fine library of standard and late fiction donated to the association by the Twentieth Century Club, the Board of Control of State Educational Institutes has recently turned over to the association the valuable historical and reference library loaned some years ago by the old Library Association to the East Florida Seminary, consisting in all of nearly 400 volumes.

The reading-room will be kept supplied with the best current literature, including all the American magazines and metropolitan dailies.

It is the intention of the association management to keep on hand the best and newest in popular fiction and books dealing with current questions of moment.

Membership in the Library Association costs only two dollars a year and entitles the holder to the privilege of the library and reading-rooms for the space of one year. Members may take books from the library and may keep a book ten days, Sundays not included.

Temporary membership for three months or less will be issued upon the payment of \$1.

During the past week quite a number of public-spirited citizens of Gainesville have made valuable donations to the library, among which may be mentioned: Hon. W. N. Shreve, set of Carlyle's works, 15 volumes; J. H. Tench, set of Shakespeare, 13 volumes; Mrs. George I. Doig, set of Marryatt's works, 20 volumes; Mrs. Wilcox, set of Charles Read's works, 8 volumes; Mrs. Oscar Morris, "Six Thousand Years of History," 10 volumes; Mrs. C. A. Coleclough, set of Bulwer's novels, 13 volumes.

It is to be hoped that our citizens, appreciating the great value to the city of a good public library, will in every way possible lend aid and encouragement to this laudable enterprise. Every citizen ought to take membership in the association. Two dollars is certainly a small price to pay for the privilege of the use for a year of such a library as is now in the reach of our people.

Donations of books, magazines, etc., will be thankfully received by the association.

The officers for the present year are as follows:

President, Tom F. McBeath; Vice-Presidents, Rev. T. P. Hay, Rev. S. B. Rogers and Mrs. W. B. Taylor; Secretary and Treasurer, Miss Gertrude Cushman; Chairman of Executive Committee, Mrs. C. A. Coleclough; Chairman of Membership and Finance Committee, Miss Alice Nichols.

ARRESTED FOUR.

Deputy Sheriff Granger Brings in a Quartet of Assaulters.

Charles Bennett, Frank Jones, G. L. Bryant and Ott Terry were arrested yesterday by Deputy Sheriff Granger, all white, charged with making an assault on G. O. Middleton, colored, and marched up to Justice Colman's court.

The four waived examination before Justice Colman and were bound over to the circuit court for trial, each one being released on a \$300 bond for his appearance. Deputy Granger is doing some very clever work as an officer of the law and he is deserving of credit for his efficiency.

Mr. Adams Improving.

A letter from Wm. Adams, Windsor, to a friend in this city, states that his condition is slowly improving and that he expects to be enabled to visit Gainesville in a few days.

It will be remembered that Mr. Adams was run down in this city by a bicycle a few days ago, sustaining injuries which prevented him from returning home, and he remained here with a friend for two or three days.

CONTRACTORS WILL NOW GET TO WORK

As Soon as Material Can be Secured Men Will be Employed.

A CHANGE MADE IN ROOFING

Tiling Will be Used in Place of Shingles, as Originally Planned—Large Force to be Employed and Buildings to be Completed September 1st.

Prof. J. C. Kellum of Tallahassee, secretary of the Board of Control, arrived in the city Wednesday and will remain here for two or three days on a visit to friends.

Prof. Kellum attended the meeting of the Board of Control in Jacksonville last Monday. He states that a full board was present, with the exception of Nat Adams of White Springs, who was detained on account of business.

The usual routine business was transacted, the only deviation being an order changing the style of roof to be used on the University buildings, substituting tiling for shingles, as provided in the original contract.

Frank Richardson, representing the W. T. Hadlow Co., contractors, was present. He informed the board that work upon the buildings would begin immediately, as soon as necessary material could be delivered upon the ground. Some material has already arrived.

Mr. Richardson, who spent several days in this city last week, is expected to return today, when active preparations for prosecuting the work will begin and the same will be pushed to completion as rapidly as possible. The buildings must be completed by September 1st of the present year, as specified in the contract.

CHARITY ASSOCIATION.

Good Crowd Present at Tuesday's Meeting—Election of Officers.

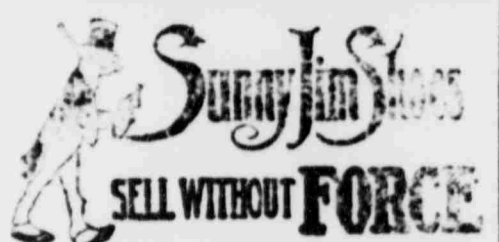

The meeting of the Charity Association at the First Baptist Church Tuesday evening was well attended, and a great deal of interest was manifested in the matter of charity work in the city. It was encouraging to learn that, considering the population of the city, there is very little charity work to be performed here, although there is sufficient to keep the association busy.

The following officers were elected for the ensuing year: Rev. Thos. P. Hay, president; C. Matheson, treasurer; F. Prescott Bullock, secretary; Rev. S. B. Rogers, J. E. Wainwright and Marcus Endel, administrators; F. P. Bullock, Ferd Bayer and Mrs. J. W. Tench, executive board; W. B. Higdon, Mrs. S. J. Thomas, Mrs. W. B. Taylor and Mrs. J. E. Fitch, membership committee.

Took First Prize.

At the recent South Georgia Fair,
held in Waycross, the handsome Kirby
Smith quilt, presented by the chapter
to its secretary, Mrs. Turner Brewer,
was awarded first prize, which was
quite a compliment to Kirby Smith
Chapter, as well as the owner.

Sickening, Shivering Fits

Of ague and malaria can be relieved
and cured with Electric Bitters. This
is a pure, tonic medicine; of especial
benefit in malaria, for it exerts a true
curative influence on the system, driv-
ing it entirely out of the disease. It
is much to be preferred to quinine,
having none of this drug's bad after
effects. E. S. Munday of Henrietta,
Tex., writes: "My brother was very
low with malarial fever and jaundice
till he took Electric Bitters, which
saved his life." At all drug stores.
Price 50c, guaranteed.

CENTRAL CONSERVES.

A Pleasant Social Event—Numerous
Personal and Local Events.

Central, January 9.—Miss Ruth
Robbins, who has been visiting
friends at Koshedee, returned home
Sunday, accompanied by Miss Lillie
Thomas.

Mr. and Mrs. J. E. Hogan made a
flying trip to Micanopy last Thursday.
Our school opened last Friday with
a large number of pupils.

Ira Beck is visiting his parents at
Fellowship.

Will Taylor, who has been visiting
relatives at Coleman, returned Thurs-
day.

Frank Hogan and little son, Cliff-
ord, made a business trip to Williston
Saturday.

Miss Annie Adams, one of Central's
charming young ladies, is visiting
friends at Otter Creek.

Curtis Robbins, one of Central's
most popular young men, is visiting his
sister, Mrs. Prince, of Orange Lake.

Miss Lillie Thomas, who has been
visiting her sister, Mrs. Hogan, returned
Sunday. Friends regret to lose her.

Mrs. J. E. Hogan gave a party last
Wednesday night in honor of her sister,
Miss Lillie Thomas, which proved
to be a great success. Misses Thomas
and Ruth Robbins welcomed the
guests with their happiest smiles. We
had plenty of good music, which every-
one enjoyed, and all the refreshments
you were looking for, which were
served by Miss Robbins in a mann-
er most graceful. All enjoyed themselves
so well that they hated to see the hour
come that they must leave; but we
truly trust to meet again and have an-
other as good time as we had that
night—January 3d, 1906.

How to Avoid Pneumonia.

We have never heard of a single in-
stance of a cold resulting in pneu-
monia or other lung trouble when Fo-
ley's Honey and Tar has been taken.
It not only stops the cough, but heals
and strengthens the lungs. Ask for Fo-
ley's Honey and Tar and refuse any
substitute offered. Dr. C. J. Bishop of
Agnew, Mich., writes: "I have used
Foley's Honey and Tar in three very
severe cases of pneumonia with good
results in every case." J. W. McCol-
lum & Co.

McCrimming Insane.

Wm. Criminger, a worthy colored
man who has resided at 814 W. Pine
lane for some time, was Tuesday ad-
judged insane by Judge H. G. Mascen
and a competent committee, and was
confined to a cell in the county prison.
He will be taken to the Hospital for
the Insane at Chattahoochee today.

Cured Lumbago.

A. B. Canman, Chicago, writes
March 4, 1903: "Having been troubled
with lumbago at different times and
tried one physician after another, then
different ointments and liniments,
gave it up altogether. So I tried once
more and got a bottle of Ballard's
Snow Liniment, which gave me al-
most instant relief. I can cheerfully
recommend it, and will add my name
to your list of sufferers." Sold by W.
M. Johnson.

BALLARD'S HOREHOUND SYRUP

PERMANENTLY CURES

CONSUMPTION, COUGHS, COLDS, BRONCHITIS
ASTHMA, SORE THROAT, HOARSENESS
WHOOPIING COUGH AND CROUP

DO NOT DELAY

Until the drain on your system produces permanent disability. The human
breathing machinery is a wonderful system of tubes and cells. To have good
health it must be kept in good order. A COLD is considered of no impor-
tance, yet if it is known by its proper name of "throat inflammation,"
or "congestion of the lungs," its dangerous character would be appre-
ciated. When a cold makes its appearance use at once Ballard's Hore-
hound Syrup which will speedily overcome it.
WHOOPIING COUGH AND CROUP Require Prompt Action. SNOW
LINIMENT applied to the throat and chest gives wonderful relief, while
Ballard's Horehound Syrup will rapidly stop the violent paroxysms of
coughing. IT IS THE ONLY COUGH REMEDY THAT WILL
POSITIVELY CURE WHOOPIING COUGH AND CROUP.

BEST FOR CHILDREN

Mrs. Maud Adams, Goldthwaite, Tex., writes: "I have used Ballard's
Horehound Syrup and find it the BEST medicine for croup, coughs and
colds. My children use it and it is pleasant to take and quickly cures."

SAW A SNOW STORM.

Deputy Sheriff Witnessed a Peculiar
Sight in Florida Tuesday.

Deputy Sheriff Osteen, who was re-
turning from Wannee yesterday morn-
ing, stated to The Sun last evening
that while passing along through the
country on the S. A. L. at about 10 a.
m., a very small snow storm was en-
countered between Arno and Ala-
chua. It only lasted a few minutes,
but he declares it was the real article.
Mr. Osteen said it was the second time
in his life that he ever saw snow.

Prominent Theologian Dead.

San Francisco, Jan. 8.—The Rev.
John S. McIntosh, president of the
San Francisco Theological College,
is dead at St. Elmo of heart failure,
aged 65 years. He was one of the
organizers of the university extension
movement in America.

Chronic Constipation Cured.

One who suffers from chronic consti-
pation is in danger of many serious
ailments. Orino Laxative Fruit Syrup
cures chronic constipation, as it aids
digestion and stimulates the liver and
bowels, restoring the natural action of
these organs. Commence taking it to-
day and you will feel better at once.
Orino Laxative Fruit Syrup does not
nauseate or gripe and is very pleasant
to take. Refuse substitutes. J. W.

Is Arrested for Murder.

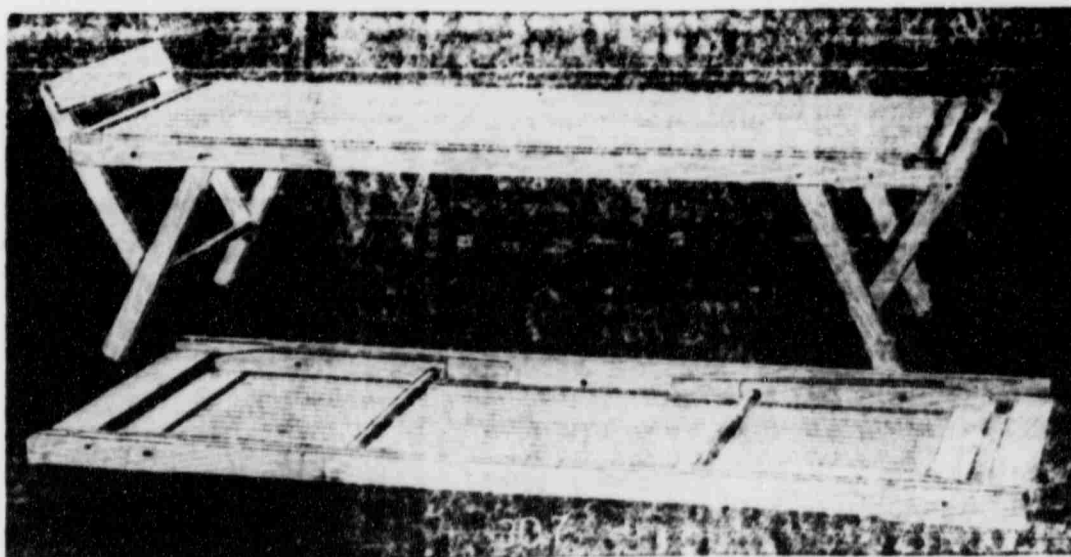

Crawfordsville, Ind., Jan. 9.—While
as laborer in the digging of the grave of
James Ford, who died of a blow on
the head, Harry Craig, of Crawford-
ville, was arrested at Darlington and
lodged in jail, charged with the mur-
der. Ford was struck two weeks
ago. The trouble grew out of Craig's
alleged attentions to Mrs. Ford while
a boarded at the Ford home and he
was ordered from the house by the hus-
band.

At a recent meeting of the State
Pardoning Board, the following were
refused: Joseph Gash, for the murder
of Jim Williams in Putnam county in
1901; Aaron Jones, convicted of as-
sault with intent to kill in Bradford
county, 1901; Judson Mathis, convict-
ed of murder in the third degree in
Hamilton county, 1902; Ivory Midgett,
convicted of murder in DeSoto county,
1903.

A Thousand Dollars' Worth of Good.

A. H. Thurnes, a well-known coal
operator of Buffalo, O., writes: "I have
been afflicted with kidney and bladder
trouble for years, passing gravel and
stones with excruciating pain. I got
no relief from medicine until I began
taking Foley's Kidney Cure; then the
result was surprising. A few doses
started the brick dust like fine stones
and now I have no pain across my kid-
neys and I feel like a new man. It has
done me \$1,000 worth of good." J. W.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "We Who Run the Road" Is in The Sun.

From Tuesday's Daily Sun:
Cass and for wife, J. S. Jones, phone 19, Gainesville.

George O'Connell of Alachua was visiting in the city yesterday.

Dr. W. C. Johnson of Mississippi was a business visitor to Gainesville yesterday.

C. W. Beckwith of Archer was in the city yesterday. He was en route to Jacksonville on business.

Mrs. George Holly of Rock Mills, Ala., is in the city for a few days, the guest of Madame J. W. Almy and L. E. Russell.

The home of B. F. Kise, North Gainesville, is being improved in appearance by the artistic touch of the painter's brush.

T. J. Rivers of Miami was in the city yesterday and among other business transacted was a renewal of his subscription to The Sun.

James Gwynn, who has been residing in North Gainesville for some time, has moved to the Millhopper section, where he will engage in farming.

W. T. Waters of Hickman returned to his home yesterday, after a pleasant visit to his family here. He is conducting a fine truck farm at that place.

For Sale—Clyde Line ticket Jacksonville to New York and return, limit March 1st, 1936. Good on any steamer. If you want it send \$30 quick to this office.

J. H. and P. M. Kelley of Bonifay, West Florida, have arrived in the city. They are naval storemen and have accepted positions with C. W. Chase at Paradise and Hague.

Among the visitors to this city yesterday were Deputy Sheriff S. A. Sessions of Alachua and P. B. Clark, a progressive citizen of Arno. Mr. Clark had his name enrolled upon the subscription list of The Sun.

Dr. and Mrs. Wm. Sutherland and Mr. and Mrs. M. P. Sommers and daughter of High Springs were in the city yesterday. The latter were en route home from Mississippi, where they have been visiting relatives.

W. B. Paulin of Macon, Ga., has arrived in the city, and for the next few days will be the guest of relatives. Mr. and Mrs. F. K. Beasley and Mr. and Mrs. John M. Fievelson. Mrs. Paulin preceded him several days.

Mr. and Mrs. Al. P. Morrow, Jr., of Philadelphia, who are visiting Mr. and Mrs. J. P. H. Bell, left yesterday for Santa Fe Hammock, where all kinds of game abound. They expect to indulge in a camp hunt for the next few days.

W. B. Ellis, formerly of this city but for the past few years residing at Cedar Key, is visiting relatives here. Mr. Ellis reports Cedar Key in a flourishing condition from a commercial standpoint just now, the fisheries employing large numbers of men.

Dr. W. H. Hibley and wife returned yesterday from a week's visit to their daughter, Mrs. James Dawson, at Jacksonville. In response to the question as to whether he would remove to Jacksonville, Dr. Hibley replied that he would remain in Gainesville for at least a few months, and occupy his office in connection with Dr. Spencer.

Sheriff L. W. Fennell and Mr. and Mrs. Arch Jackson participated in a wild-cat hunt on Saturday and were successful, having killed an immemorial at a short distance to the southeast of the city. It is said that wild-cats and foxes are plentiful in the woods surrounding Gainesville. A number have been either captured or killed within the past few months. As a hunter, as well as an officer, Sheriff Fennell is a success.

Among the visitors to this city yesterday was Hon. B. F. Wilson of Inverness, treasurer of Citrus county. Inasmuch as Citrus county does its banking in Gainesville, Mr. Wilson has occasion to occasionally visit here. He is much pleased with the progress Gainesville is making and complimented the people for their successful efforts in securing the University of Florida. "It is an ideal place," he said, "and I feel sure the selection was satisfactory to seventy-five per cent of the people of Florida."

From Wednesday's Daily Sun

A. L. Price, a progressive farmer of Holmes, was visiting in the city yesterday.

Gen. Eyal of Mississippi was among the business visitors in the city yesterday.

F. B. Atwater of High Springs was among the visitors to the city yesterday.

R. B. Hodgson has returned from High Springs, where he has been for the past few days in business.

C. E. Nelson, the former manufacturer of Mississippi was among those who paid Gainesville a visit yesterday.

Mrs. Helen T. Cawcutt and daughter, Miss Etta, have returned to their home at Kanapaha, after a pleasant visit to relatives in the city.

Mr. and Mrs. Henry Miller are enjoying over the birth of a fine boy which occurred on Sunday night. Friends extend congratulations.

Mr. and Mrs. J. H. Patterson of Orange Heights were among the visitors to the city yesterday. Mr. Patterson is a progressive merchant of Orange Heights.

Miss Lena Beckwith, a charming young lady of Archer, is in the city on a visit to Miss Jessie Bodford. Miss Beckwith has many admirers here who are always glad to welcome her.

Warranty deed and mortgage blanks for sale at this office, the form used in Alachua county which saves money in recording. \$2 per hundred or \$5 per dozen by mail. Cash must accompany order. Cash!

George W. Hyde left yesterday for Candler, where he has a fine grove of twelve and a half acres. Mr. Hyde has not visited his grove for some time, but his manager has written that the yield would be about 1,500 boxes this year.

E. W. Milligan and W. A. McLennan were among the Waldo folks who paid Gainesville a visit yesterday. Mr. Milligan is a naval stores operator, while Mr. McLennan is a member of the firm of Kincaid & McLennan, general merchants.

Charles Fisher, a student of the University of Florida, temporarily located at Lake City, preparatory to the erection of the University buildings in this city, returned to his studies Monday after having spent the holidays with his parents in North Gainesville.

Dr. M. L. Bassett of Philadelphia, N. J., and John P. Fox of Easton, Pa., have arrived in the city, and will remain here for several days. The former has been a regular visitor to Gainesville for several years. Both gentlemen are sportsmen, and are very fond of shooting.

Ticket No. 343, held by Master Mechanic Baker of the Gainesville & Gulf railway, was the number which drew the elegant suite of furniture at Evans' racket store. The first number drawn was 411, which was held twelve days before Mr. Baker's claim was acknowledged. Mr. Baker held the second number.

Mrs. Julia Birdsong (nee Goss) of LaGrange, Ga., has arrived in the city and will spend the next few weeks at the home of her mother, Mrs. R. P. Goss. This being Mrs. Birdsong's first visit to Gainesville in about twenty-one years, she is naturally surprised at the great changes which have taken place in the city's appearance.

The sidewalk in front of the store of Mrs. R. Wilson, East Liberty street, has been laid with the new composition stone known as granolithic, which adds greatly to the comfort of pedestrians. Mrs. Wilson is also having laid sidewalks of the same material around her home. This material is becoming quite popular here.

READ THIS.

DYERBURG, TENN., June 1, 1931.
Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: One bottle of your Texas Wonder, Hall's Great Discovery, has cured me of kidney trouble and lame back and I can cheerfully recommend it.
Yours truly,
JACK MOORE, Merchant.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

The elegant home of L. C. Gray, which is in course of erection on East Central street, is well under way and when completed will be one of the largest and most modern residences in the city. The home is being constructed of an unusual modern granite and would be a credit to any city in the country. It will require several months to complete the structure.

W. W. Rogers, 17 years of age, died at Ward City Monday night and on Tuesday morning Dr. T. F. Thomas of the Thomas Embalming Co. was summoned and embalmed the body, which was shipped to the old home of the deceased in Paducah, Ky. Mr. Rogers was a naval stores operator, a good mixer and a very prominent man in the community. He will be greatly missed.

John P. Lynch of Fairbanks, the manufacturer of typewriter under a license to the city of Gainesville yesterday. Mr. Lynch is employed in a large number of hands, but the number is insufficient to handle the business and he is advertising for more. He is the owner and manager of one of the most up-to-date sawmill plants in the section, located on the banks of Newnan's lake.

From Thursday's Daily Sun:
Mrs. LaBette of Hawthorn was shopping in the city yesterday.

Justice R. W. Small of Hague was in the city on business yesterday.

Mrs. E. B. Giddens of High Springs was in the city yesterday on a visit to Mrs. W. E. Dow.

Mr. and Mrs. Marvin Puffer have returned from a pleasant visit to relatives at Windsor.

LeWitt Hague, the bright little son of W. C. Hague of Hague station, was in the city yesterday.

A. E. Sommers, one of High Springs' prominent business men, was among the visitors to the city yesterday.

THE S. J. THOMAS CO.,
GAINESVILLE, FLORIDA.

EMERSON SELLS PROPERTY.

Valuable Forty-Acre Tract Near Kirkwood Changes Hands.

J. L. Emerson has sold to J. W. Chamberlain a valuable forty-acre tract of land near Kirkwood. The land is among the most desirable in the section in which it is located, being very fertile. It is partly in cultivation, while the other portion contains a four-acre orange grove and pasture. Mr. Chamberlain's friends are congratulating him upon his new possession.

L. A. Jernigan, Gainesville, Fla.

Dear Sir: You are a jeweler, therefore, you know the value of a Waltham Movement Watch, and that it is better than the average of its class.

Any painter who paints your house, your neighbor's house and your neighbor's neighbor's house with the L. & M. Paint before March 1, 1936, will get from us a hunting case watch with Waltham movement, either ladies' or gentleman's size.

L. & M. costs about \$1.20 per gallon. Every church will be given a liberal quantity of L. & M. Paint whenever they paint.

4 gallons Longman & Martinez L. & M. Paint mixed with 3 gallons Linseed Oil will paint a house.

L. & M. costs about \$1.20 per gallon. W. B. Barr, Charleston, W. Va.,

Writes: "Painted Frankenburg block with L. & M.; stands out as though varnished."

Wears and covers like gold. Don't pay \$1.50 for Linseed Oil, which you do in ready for use paint.

L. & M. costs about \$1.20 per gallon. Buy oil fresh from the barrel, at 60 cents a gallon, and mix it with L. & M. It makes paint cost about \$1.20 per gallon.
